

Smalley Mountain Trail #531

The Smalley Mountain Trail #531 provides the best way to reach the lower trailhead of Hawxhurst Trail #530 or Hawxhurst Cow Camp, if coming from the Collbran area. The first two miles of the trail are largely aspen and open meadows; the last 2.3 miles are generally oak brush or a combination of aspen and oak brush. The trail is of medium difficulty.

Scale 1 : 31,250

Trail Ethics:

The Smalley Mountain Trail is maintained for foot, horse, mountain bike, and OHV travel. Please don't cut across switchbacks or create new trails.

Dispersed Camping

Dispersed camping is permitted in most areas of the Forest. Recreation maps are available at all local Forest Service offices and personnel can answer questions on specific sites. Camping in undeveloped areas requires more from the camper to help keep the site in the condition in which it was found. If you Pack it in-Pack it out!

Drinking Water:

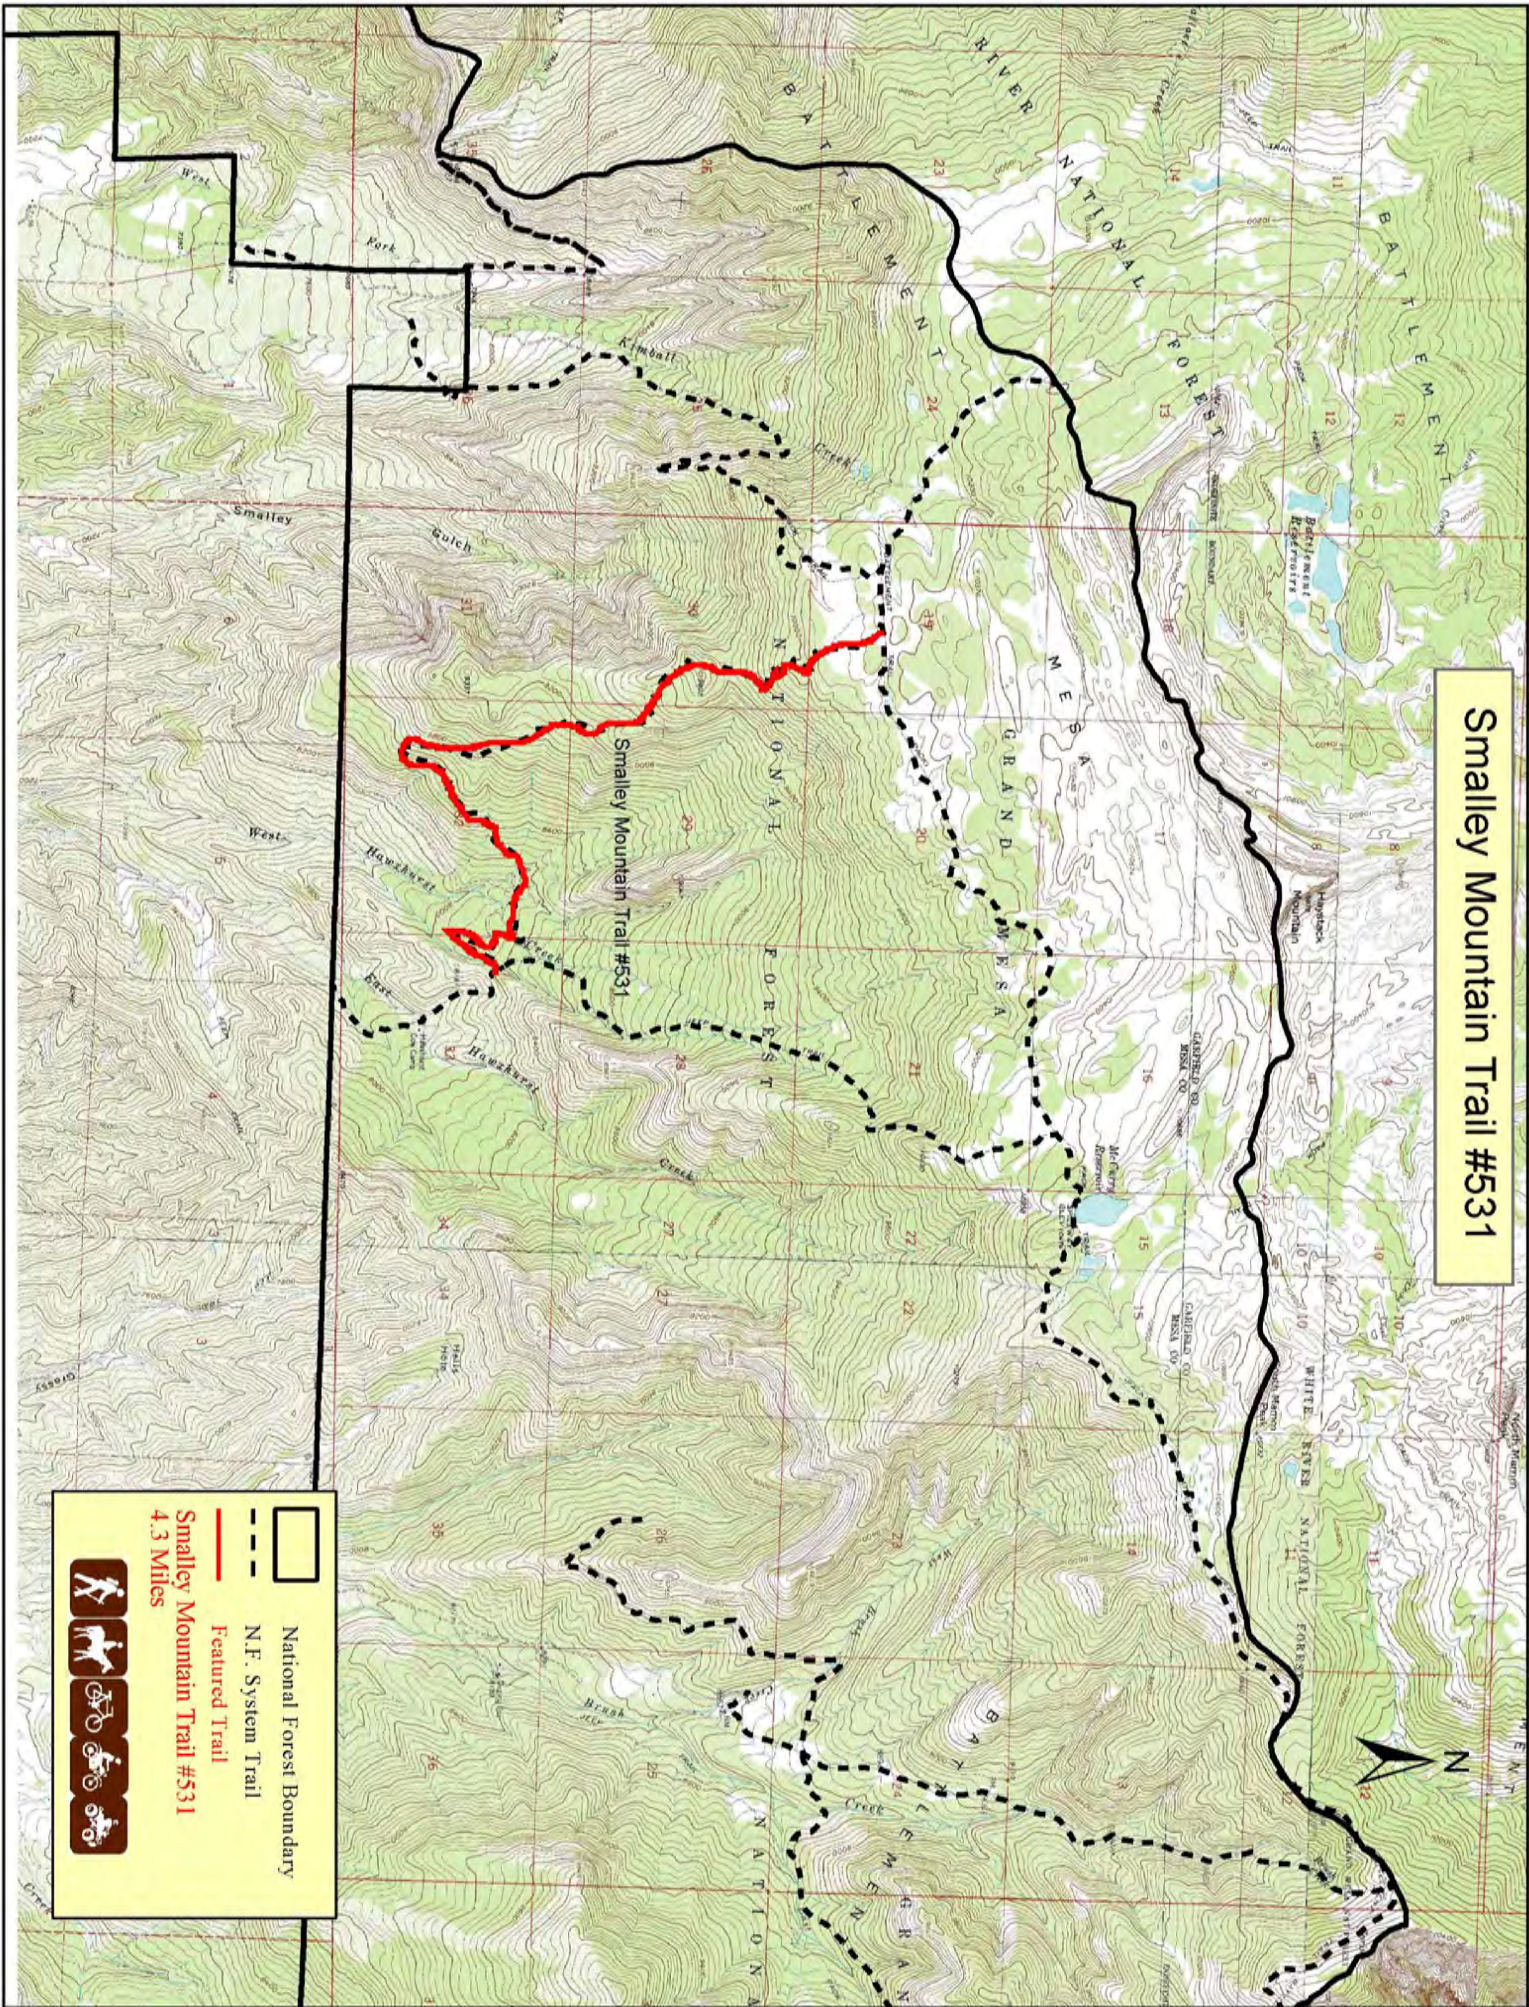

DO NOT drink water directly from a river or stream. Water needs to be treated first by either filtering, boiling for at least 10 minutes or treating with iodine tablets.

Multiple use:

As you use this area you may notice that the Forest is managed for a broad range of uses. Recreation use alone includes hiking, horseback riding, hunting, snowmobiling and sightseeing. In addition, the vegetation in the Forest requires some form of management. Timber harvest and livestock grazing are both forms of land management you may encounter while using this area. The livestock grazing on this area is managed in a very progressive and specific manner. The fences and gates that you may see are critical to managing the livestock and meeting the resource objectives that are planned for this area. Please close all gates that you open as you travel through the area. Controlling the livestock in the manner that we have planned is important.
